FORMS

My Organization

My Best Practice

Sharing Maps & Info about Organizations & their best practices In a collaborative way!!!

How it Works

1

Design

Author surveys quickly and easily in Excel and have instant access on your Android phone. No advanced technical degree required.

2

Collect

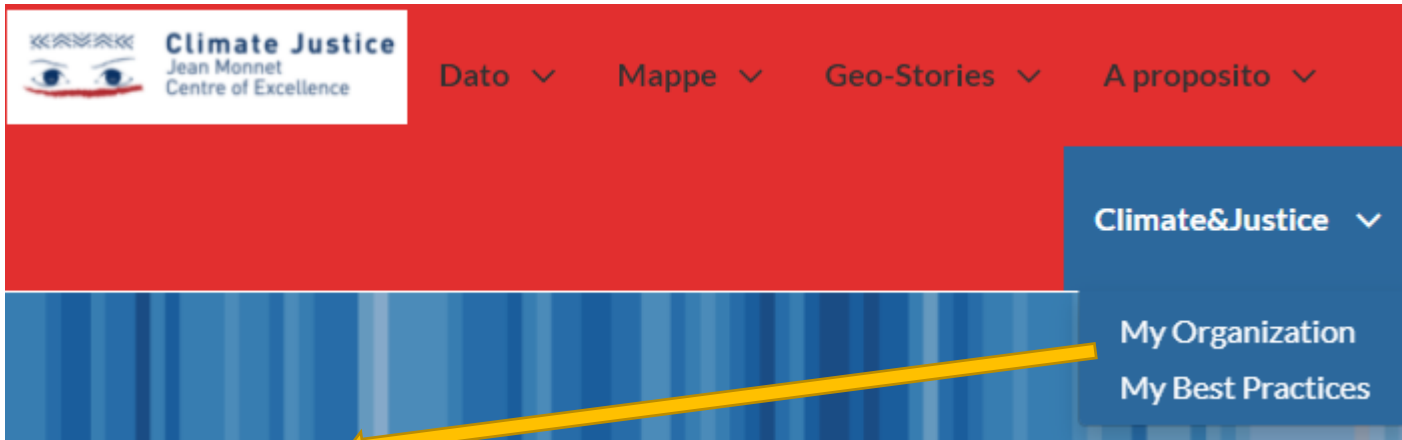

Easily distribute your survey on an Android device or on the web. Data connection not needed.

3

Analyze

Visualize your data as it is collected, and gain understanding with our powerful insights tools.

My Organization

The aim of "My Organization Form" is to collect and share information about (formal and informal) movements, associations and organ of Climate and Environmental Justice.

Below you can find three buttons that let you access to the fom in the language which you are more comfortable.

The compilation requires only few minutes, we chose to keep the form simple and synthetic, leaving space to share links and contact inf All organizations' info will be available and viewable in our geo-platform for Climate Justice in a dedicated space, in order to create a other's.

The main output will be a webmap, so please try to geo-locate your Organization the best you can, thank you!!!

My Organization

The compilation of My Organization form requires only few minutes, we chose to keep the form simple and synthetic, leaving space to share links and contact info. All organizations' info will be available and viewable in our geo-platform for Climate Justice (<https://research.climate-justice.earth/>), in order to create a collective space to know each other's. The main output will be a webmap, so please try to geo-locate your Organization the best you can, thank you!

*** Name of the organization**

Complete name of the organization/association

My Best Practice

The aim of "My Best Practice form" is to collect and share positive, virtuous and good projects, practices and initiatives carried out by o informal) associations operating in the fields of Climate & Environmental Justice

The idea behind is to create a collective space where everyone can show and share "cool" actions against Climate Change and carried o "everything is going wrong" mentality!!!

Below you can find three buttons that let you access to the form in the language which you are more comfortable

The compilation requires only few minutes, we chose to keep the form simple and synthetic, leaving space to share links and contact info Please use one form for each best practice, if you want to share more than one best practice, you can fill in the form as many times button!!!

All Best Practices will be available and viewable in our geo-platform for Climate Justice, in a dedicated space
